## Environmental Awareness

Understanding what the environment is and what effect you and your company may have on it. This course will help you realise that you are an integral part of the environment and that your survival and that of future generations depends on the way we treat our surrounds.

Understand the core environmental legal requirements, discover ways to prevent further damage to the environment, and understanding your company's environmental management system.

### Who should attend

Any employee assisting with health & safety implementation in the workplace
